

PLAN B PLANTS OVER 650 TREES FOR LOCAL CHESAPEAKE BAY FOUNDATION

The PBT and PBGSI teams spent a day at Clagett Farm volunteering to help "Save the Bay."
www.planbtech.net

(Bowie, Md...May 3, 2008) Over 20 friends, family members and Plan B Technologies, Inc. (PBT) and Plan B Government Systems, Inc. (PBGSI) staff joined together to give back to their community on Saturday, May 3. The group met at Clagett Farm in Upper Marlboro, Maryland to plant tree seedlings as part of the Chesapeake Bay Foundation's (CBF) "Tree Nursery Workdays" program. These CBF "Workdays" were developed to help local farms pot several thousand tree seedlings in conjunction with CBF's expanded nursery operation.

The weather cooperated and it turned out to be a gorgeous day. The group potted over 650 tree seedlings including red maple and oak trees, which will later be planted along the watershed to help "Save the Bay."

As a part of the Chesapeake Bay community, many of the Plan B families lives in or around the bay and is directly affected by its health. "It's amazing how every little thing you do can affect the environment around us." said CFO June Eshelman, who volunteered with her 3 children that day. "We were excited to help out, and had a great time too!" She said.

For more information about volunteer opportunities with the Plan B Tech family, contact Angela Gomez at agomez@planbtech.net.

About The Chesapeake Bay Foundation

The Chesapeake Bay Foundation (CBF) is the only independent 501(c)(3) organization dedicated solely to restoring and protecting the Chesapeake Bay and its tributary rivers. Since their founding 40 years ago, CBF's goal has been to improve water quality by reducing pollution. Their motto, **Save the Bay**, has been the battle cry for that goal.
